

REMARKS

Claims 1 to 38 appear in this application for the Examiner's review and consideration.

Election was required under 35 U.S.C. § 121 of a single disclosed species for prosecution on the merits to which the claims will be restricted if no generic claim is finally held to be allowable for the reasons set forth on pages 2 and 3 of the Office Action.

In response, Applicants elect, as the single species of Formula VI, the host material in which X is Si, Y is phenyl, and Ar¹, Ar², and Ar³ are unsubstituted phenyl, and the host material of claim 20,

as the ultimate species representative of the elected species for search purposes.

Claim 20 reads on the elected species. Claims 1 to 5, 10 to 19, and 22 to 38 are generic. Claims 6 to 9 and 21 read on an unelected species.

Applicants respectfully request that, upon the allowance of a generic claim, claims directed to non-elected species including all the limitations of the generic claim be considered in accordance with 37 C.F.R. § 1.141, and ultimately allowed.

Applicants submit that the entire application is in condition for allowance, an early notice of which would be appreciated.

No fee is believed to be due for this filing. Should any fees be due, however, please charge such fees to Deposit Account No. 11-0600.

Respectfully submitted,

KENYON & KENYON
